Dear Madam:

In response to your certified letter:

1. All we have are monthly invoices- enclosed are a few copies.
2. Waste matter we generate is common waste generated in a small garden center, such as cardboard boxes, scrap paper, dead plants, trees, shrubs.
3. Not applicable

8. Not applicable

Our company is a small \$250,000 gross garden center and we generate no toxic waste of any type with the possible exception of 1 or 2 empty containers of general use insecticide used in our greenhouse! What are we doing on a list with these heavy hitters anyway?

The above questions have been answered to the best of our ability.

Sincerely yours,

*Peter D. Kossoudji*
